

ADAM DOLIWA

Faculty of Mathematics and Computer Science
University of Warmia and Mazury
ul. Słoneczna 54, 10-710 Olsztyn
Poland

e-mail: doliwa@matman.uwm.edu.pl
phone: (48 89) 5246071
fax: (48 89) 5246048
<http://matman.uwm.edu.pl/~doliwa>

PERSONAL

Date and place of birth: 28 February 1965, Ełk (Poland)
Marital status: married, daughter Joanna (born 2001), son Jan (born 2004)

EDUCATION

- 2012 Professor title in Mathematics, Institute of Mathematics, Polish Academy of Sciences
2002 Habilitation (D.Sc.) in Mathematical Physics, Warsaw University
Integrable discrete geometry
1995 Ph.D. in Theoretical Physics, Warsaw University, Thesis Advisor: A. Sym
Methods of soliton geometry in the theory of harmonic mappings
1988 M.Sc. in Physics, Warsaw University, Thesis Advisor: A. Sym
Soliton geometry in the periodic sector

ACADEMIC & RESEARCH POSITIONS

- Feb. 2018 – present Ordinary Professor, University of Warmia & Mazury
Oct. 2002 – Feb. 2018 Associate Professor, University of Warmia & Mazury
Oct. 2010 – Aug. 2011 Associate Professor, Institute of Mathematics, Polish Academy of Sciences
May. 2005 – Dec. 2005 Scientific Collab., DFG Research Center MATHEON, Techn. Univ. Berlin
Oct. 1998 – Oct. 2002 Assistant Professor, Institute of Theoretical Physics, Warsaw University
Oct. 1996 – Sept. 1998 Postdoctoral Fellow, Italian Nat. Inst. for Nucl. Physics, Rome Section
Oct. 1988 – Oct. 1998 Assistant, Institute of Theoretical Physics, Warsaw University

PROFESSIONAL SERVICE

- May 2015 – present President of Olsztyn Branch of the Polish Mathematical Society
Jan. 2012 – present Head of the Chair of Discrete Mathematics and Theoretical Computer Science
Sept. 2005 – 2012 Deputy Dean for Research and International Cooperation
Jan. 2012 – present leader of the seminar **Discrete Mathematics and Theoret. Comp. Science**
Oct. 2009 – present co-leader of the seminar **Geometry and Dynamical Systems**
Oct. 1998 – 2003 co-leader of the seminar **Geometry and Nonlinearity**

HONOURS

2003 – The **Wacław Sierpiński Prize** in Mathematics of the Polish Academy of Sciences.

RESEARCH

- Differential Geometry & Soliton Systems • Integrable dynamics of curves and submanifolds
• Harmonic maps and Toda systems
• Conjugate nets and multicomponent Kadomtsev–Petviashvili hierarchy
• Geometric discretizations of integrable PDE's
• Analytic and algebraic methods in theory of integrable lattices
• Geometric interpretation of the integrability scheme
• Algebro-geometric techniques in integrable cellular automata
• Quantum lattice systems
• Non-commutative systems in geometries over division rings
• Integrable structures in the theory of formal languages
- Integrable Discrete Geometry
- Non-Commutative Integrable Systems

RESEARCH GRANTS

- 1 P03B 017 28 *Integrable discrete systems and geometry* (28.05.2005 - 28.05.2008)
- NN202 174739 *Classical and quantum integrable systems: geometry and physics* (30.08.2010 – 29.08.2013)
- 2015/19/B/ST2/03575, *Integrable discrete systems – theory and applications* 14.06.2016 – 13.12.2019

TEACHING EXPERIENCE

- graduate level monographic courses: *Methods of Algebraic Geometry in Soliton Theory, Geometry and Integrable Systems, Elements of Soliton Theory, Elements of the Theory of Elliptic Functions, Q-Calculus, Harmonic Oscillator, Quantum Algorithms, Introduction to Coding and Information Theory*
- undergraduate level courses: *Linear Algebra with Geometry, Mathematical Analysis, Complex Analysis, Differential Geometry, Elements of Theoretical Physics, Discrete Mathematics*
- recitations for courses of analytical mechanics, mathematical methods of physics, mathematical analysis, linear algebra, mathematical methods of geophysics, differential geometry, complex analysis, discrete mathematics

ORGANIZED CONFERENCES

- 7 Forum of Polish Mathematicians (Olsztyn, Poland, September 12-17, 2016)
- Second Workshop on Nonlinearity and Geometry. Darboux Days (Będlewo, Poland, April 13-19, 2008)
- Integrable Systems (Research Group, Warsaw, Poland, December 13-15, 2010)
- Bihamiltonian Geometry and Integrable Systems (Summer School, Będlewo, Poland, August 28 - September 2, 2011)
- Integrable Systems (Olsztyn, Poland, June 21-22, 2012)

EDITORIAL WORK

- Guest Editor of the Special Issue "Symmetries and Integrability of Difference Equations" of *Journal of Physics A: Mathematical and Theoretical* **40** (2007)

HOBBIES

- hearing and playing classical music
- sports: running, tennis, sailing
